

Soul Remembrance 2026

Map of Pop-up Village

11th-13th August 2026 | Blenheim Palace Estate, UK

Soul Remembrance is the sacred art of remembering who we truly are – infinite beings of light and love, beyond the limits of the mind.

It marks a step upon the path of spiritual evolution: a **return to unity, to the knowing that we are all ONE** – a radiant expression of the living Source. Within this vibrant field of remembrance, clarity and truth arise naturally. As we open and attune to the frequency of All That Is, we remember that divinity is not something to reach for – it is who we have always been.

Soul Remembrance is a sacred co-realisation – a living dance of listening to the Earth, the ancient land at Blenheim, to one another and to Source.

Across three luminous days, we will be held in a rhythm of receiving, sharing, releasing and stillness – moments for deep listening and integration, each inviting the divine to reveal itself.
